2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Yuba City Unified School District serves over 13,000 pre-kindergarten to grade 12 students and covers 215 square miles, which encompasses the majority of Sutter County. Yuba City is located 45 miles north of Sacramento in the lush Central Valley near the Sutter Buttes, the nation's smallest mountain range. YCUSD offers six K-5 schools, six K-8 schools, one middle school, two comprehensive high schools, along with an alternative secondary campus and an Independence Academy. Several recreational areas, historic landmarks, metropolitan shopping, cultural centers, the high Sierra Nevada Mountains and the Pacific Ocean are within a two-three hour drive. The University of California at Davis, California State Universities at Chico and Sacramento, and several technical schools are all within 45 miles. Brandman University has an extension in Yuba City and Yuba College opened a Sutter County campus in 2012. Our population is comprised of 78% of socio-economically disadvantaged students and 22% English Learners.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

This year's LCAP was written in a collaborative effort between parents, students, both certificate and classified staff as well as management from across the district. At each of our stakeholder feedback sessions we reviewed data, looked at trends overtime, and discussed the goals, actions, and expenditures allocated in the 16-17 plan in order to conclude what we should continue to implement, eliminate, as well as refine and raise new ideas for continued growth and improvement. These features include: professional development, instructional materials and resources, technology, modernized facilities, student welfare and attendance supports, counseling, college and career readiness, safe schools, and parent and student engagement.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Overall, Yuba City Unified School District is proud of our achievements with focus on the state indicators and goals of the LCAP. In 2016, students overall and within each grade level and subgroup made gains in English Language Arts. Overall, students made a 5% gain. By grade level, students in grades 4, 7, and 11 made gains of equal or greater percentages. Exceptional achievement was made in 11th grade with an increase of 13%. In our subgroup data, Socioeconomically disadvantaged students made an increase of 6% overall in ELA.

Gains in the content area of mathematics were also made. However, not to the extent that we encountered in ELA. Overall, YCUSD students made a 2% increase. Within the grade levels and subgroups growth was made as well. Yet it was slightly more sporadic. Our greatest increase occurred in 8th grade with students making a gain of 8%. Also notable were students in grades 5, 7, and 11 making a gain greater than our overall increase. Our socioeconomically disadvantaged students and our students with disabilities improved by at least 2%.

Yuba City Unified exceeded the targets for both AMAO 1 and AMAO 2.

A to G requirements are also on the rise. We increased participation and completion from 35.4% in 2014 to 42.5% in 2015. Concurrently, Our 4-year graduation cohort has increased from 83.9% in 2012 to 87.9% in 2015 while our drop out rates are decreasing from 9.8% in 2012 to 7.7% in 2015.

Yuba City Unified School District plans to keep critical initiatives in place as the data is reflecting positive gains. Our LCAP expenditures show a continued commitment to ALD and English 3D along with professional development with Kate Kinsella. As we transition to ELPAC it will be important to continue the emphasis on rigor in our instructional models. We will continue working with curriculum experts to help navigate and build capacity in our new k-12 adoptions and utilize our instructional coach model to support staff in this capacity. Continued work with staff developers both internally and externally will provide a continuum of learning for both classified and certificated staff. We will continue to analyze data from dashboards, the healthy kids survey, sbac, curriculum embedded assessments, and local assessments created through teacher collaboration.

GREATEST PROGRESS

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Our overall performance levels by state indicators have been included in the LCAP as well as indicators by school site. This area focuses on overall "Red" and "Orange" as well as "Not Met" or "Not Met" for two or more years." Our dashboards indicate that suspension rates are increasing overall and particularly in the following significant subgroups: Hispanic, White, SED, English Learners, and Students with Disabilities.

Graduation rates for our Hispanic students and Students with Disabilities have also not been met.

In Academic Indicators, Students with Disabilities did not meet the performance standards for ELA or math.

GREATEST NEEDS

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

In reviewing our data, suspension data was orange. Therefore, no student group fell into the "two or more years below" category. However, we are looking at the students groups of our white population and our students with disabilities population as these student groups are in the red category.

Our overall graduation rate was green at 87.9%. Students groups who fell more than two performance levels below our overall graduation rate are our Hispanic group, our English Learners, and our Students with Disabilities.

Overall performance for the ELA academic indicator was yellow with 44% meeting academic achievement. Our Students with Disabilities were in the red category falling two performance levels below our overall achievement. However, please note that all significant subgroups made gains in ELA including our Students with Disabilities making a 1% gain from 2015 to 2016.

Overall performance for the math academic indicator was yellow as well with 29% meeting academic achievement. Our Students with Disabilities were in the red category falling two performance levels below our overall achievement. However, please note that our Students with Disabilities made gains in math by 2%.

The LEA will continue to provide instructional coaches throughout the district, with an emphasis on ELA, math, and technology. Professional development will also be provided for new curricula as well as newly implemented instructional practices. We are also using Attendance to Achievement (A2A) to improve attendance and connectedness to school. our students

Educational Services will also work with school counselors K-12 to revision and repurpose the services we are providing our students who struggle both academically and emotionally.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Our three major goals outlined in the LCAP are intended to meet the needs and close the achievement gap not only for all students, but especially focused on our services and support of low-income students, English Learners and foster youth. By writing actions specific to safe modernized facilities, student supports, basic services, the California State Standards, teacher development and student and parent engagement and participation, we have outlined activities and allocations that support a rich and rigorous educational experience for students in Transitional Kindergarten through grade 12 and as students transition to to graduation and beyond. Yuba City Unified School District engaged and facilitated numerous stakeholder feedback opportunities and the LCAP's goals, actions, and expenditures are indicative of what our community identified was necessary to meet the needs of our most at-risk student populations.

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION

AMOUNT

Total General Fund Budget Expenditures for LCAP Year

\$146,705,477

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

Goal 1: To provide safe, modernized facilities, and student-centered support systems that promote the physical and cognitive development of all students through implementation of basic services, CA State Standards, and access to a broad study of courses.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10

LOCAL State Metrics: Statewide assessments; EL Reclassification; Other Local Measures including Surveys

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1A: Recruit and retain fully credentialed teachers and increase to 100% highly qualified status and 0% misassignments
 State Metrics: CALPADs report 3.4

- Attend recruitment fairs to recruit fully credentialed teachers which reflect the District demographics
- New teacher training to assist in teacher learning to improve services for students.
- Increase and improve services for students through the investment in teacher learning by providing two professional development days. Two professional development days increases the teacher work year from 183 and 185 and results in an increase to the salary schedule of 1.1%.

1B: All teachers will be trained in and implement the CA State Standards; ELD standards and Next Generation Science Standards applicable to their grade/content.

- Continue implementation of CA State Standards in ELA and math in all classes with continued training and coaching support
- 100% of teachers trained in English Language Arts/English Language Development (ELD) standards
- 100% of teachers trained in the New Generation Science Standards (NGSS) in grades K-5 and 6-12, content specific teachers

ACTUAL

1.A Recruit and retain fully credentialed teachers and increase to 100% highly qualified status and 0% misassignments

- YCUSD attended recruitment fairs at Sacramento State, UC Davis, and Chico State
- New teacher trainings were held in August 2016; in addition new teachers received the same professional development opportunities throughout the school year that veteran staff received
- 2 additional days were added to the teacher work year during the 2016-2017 school year for professional development; August 8, 2016 & April 17, 2017

1B: All teachers will be trained in and implement the CA State Standards; ELD standards and Next Generation Science Standards applicable to their grade/content.

- YCUSD organized several content area trainings and maintained a cadre of instructional coaches for each site.
- YCUSD teachers received ELA/ELD training during several PD opportunities including:
 - Wonders ELA/ELD
 - Academic Language Development (ALD)
 - English 3D training for grades 4-12
 - Study Sync ELA/ELD

State Metrics: Statewide assessments; EL Reclassification; Other Local Measures including Surveys

1C: All students will have access to a broad course of studies that include AVID, GATE, AP courses, and electives and current technology

- Continue implementation of AVID in all middle/high schools
- Implement AVID Elementary at two pilot elementary sites 16-17
- Continue with GATE certification with training of an additional 25 teachers
- Provide after school enrichment/intervention opportunities through GATE, tutoring/intervention
- Continue Increase the number of AP courses by two per year
- Increase the percent of students who pass the AP exam with a three or better to 55%
- Provide increased opportunities for art exploration in all elementary and middle schools
- Purchase 8 labs to increase the number of 1:1 pilot technology sites

1D: All school site within YCUSD will receive supplemental and concentration funds in alignment with their site specific unduplicated count. ALL expenditures will align with the District LCAP goals. Metrics: Local data through surveys; PD rosters; course development documents; music staffing FTEs

1E. Site improvements to ensure safe, modernized facilities as defined in the Master Facility Plan for each site

- ACCESS Newcomer Curriculum
- ELA/ELD Framework training
- Read 180/System 44
- Instructional Coaches delivered NGSS training to teachers from grades K-8, and grades 9-12 worked with a science specialist from the county office of education.

1C: All students will have access to a broad course of studies that include AVID, GATE, AP courses, and electives and current technology

- All YCUSD secondary sites have an active AVID program
- Andros Karperos School implemented AVID Elementary
- The 16-17 cadre of GATE certifications consisted of 20 teachers

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services in the 2016-2017 LCAP took place with successful implementation except for the following area(s):

- Goal 1, action 3.f-Artists in Residence did not occur due to the turn over in programming. Next year, we would like to shift this action to PD for art in the content areas facilitated by art teachers and provided in our after- school PD opportunities. (Passports)

The actions and services articulated in goal one were to provide safe, modernized facilities, and student-centered support systems that promote the physical and cognitive development of all students through implementation of basic services, CA State Standards, and access to a broad study of courses. A summary of actions for this goal were as follows:

Attend Recruitment Fairs in order to attract high quality staff

Provide professional development in our continued implementation of the Common Core State Standards

Provide professional development in support systems and interventions for our most under-served populations

Provide additional Vice principals at 8 of our K-8 sites

Provide instructional coaches throughout the District

Make site improvements to ensure safety

Allocate site funds for sites based on unduplicated student counts to align goals and actions to their site specific needs

During the implementation process, we experienced success with all district initiatives. A cadre of teams attended recruitment fairs and worked diligently to promote the great attributes of our city. We are beginning the 17-18 school year anticipating full staffing. We were able to offer a rich assortment of professional development through after school passport meetings, teacher release days, conference workshop offerings, and weekly collaboration. We staffed 8 fte vice principals and instructional coaches to support students through behavior and academic interventions.

We will continue to fund these critical positions and look at the current models we are utilizing to see if there are more effective ways of prioritizing the challenges we face in our community in order to ensure the best possible supports for our students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

2016-2017 SBAC data shows an overall increase in the percent of students meeting or exceeding standards in both ELA (+5%) and math. (+2%). Economically Disadvantaged Students and Students with Disabilities show an overall increase on both ELA and math and the percent of English Learners meeting or exceeding standards in ELA has increased but stayed the same for math. SBAC data indicates that the LCAP supplemental actions and services are assisting in meeting Goal 1.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

1A.c The two professional development days were paid for out of Educator Effectiveness funding Resource 6264 (\$1,122,093)

1A.e Expenditures for modernization were budgeted to contacts and services. In the actuals, we charged modernization projects to capital outlay. A re-roofing project, baseball netting, and new carpeting were completed to modernize facilities. (\$433,740) Projects were offset by a CTE grant as well as deferred maintenance. Other projects were pushed to the summer of the 17-18 school year.

1B.d Supplemental technology was purchased for the implementation of Read 180 districtwide. In addition supplemental technology was purchased for classroom use for implementation of the California State Standards to assist all students in achieving grade level standards. After initial assessments, more students qualified for this intensive intervention so expenditures were greater than anticipated.

1C.c Teacher costs for GATE certification was less than the planned allocation because half of the participating teachers chose to purchase units and therefore were not reimbursed via district time sheets.

1C. a/b-AVID Membership. This increased amount includes AVID annual membership for 9 existing secondary programs, 1 existing elementary program, the addition of 3 new elementary programs and AVID EXCEL at Gray Avenue Middle School (\$35,118 increase in budget)

1.C a/b-AVID Summer Institute. This increased amount includes paying for 57 teachers and administrators to attend 2017 Summer AVID Institute at the cost of \$760 per person including mileage and meals

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services in the 2016-2017 LCAP took place with successful implementation. The actions and services articulated in goal two were to provide a rigorous and comprehensive program to ensure the academic achievement of ALL students as they transition to graduation and beyond. A summary of actions for this goal were as follows:

- Provide professional development for English Learner supports and supplementary resources for English 3D, Read 180, and Academic Language Development (ALD).
- Continue utilizing Illuminate to create benchmarks and formative assessments as well as to disaggregate data to inform instructional steps
- Provide SAT/ACT prep for 8th graders, 11th graders, and 12th graders
- Provide Fall into Leadership experience
- Participate in college and career tours and experiences
- Staff a Coordinator of Secondary Education to facilitate learning and growth outcomes for secondary staff across the content areas
- Allocate site funds for sites based on unduplicated student counts to align goals and actions to their site specific needs

During the implementation process, we experienced success with all district initiatives. We exceeded both AMAO I and II targets. Teachers met weekly for collaboration to analyze data and drive instruction. Professional development opportunities are robust and teachers are participating at high levels.

We will continue to fund these critical positions and look at the current models we are utilizing to see if there are more effective ways of prioritizing the challenges we face in our community in order to ensure the best possible supports for our students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Students taking AP exams and passing with a three (3) or better has increased from 47% to 52% and the total number of students taking the exam has increased by five (5) students from the prior year. In addition, the percent of students meeting the A-G requirements for UC/CSU entrance has increased from 35.4% to 42.6%. Data from the CELDT, demonstrates that the District has exceeded the target for AMAO 1 & 2. Graphs below support the overall effectiveness of the actions and services outlined in Goal 2.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services in the 2016-17 LCAP took place with successful implementation. Refinements have been made to areas along with revisions in the budget allocated for actions for the 2017-2018 LCAP based on stakeholder engagement and data results.

The actions and services articulated in goal three were to increase Parent and Student Engagement/Involvement to increase student achievement and feelings of school connectedness. A summary of actions for this goal were as follows:

PBIS implementation at 6 sites

18 counselors were staffed and centrally funded for sites

2 SRO's were staffed and centrally funded

Campus monitors at each site were staffed and centrally funded

4 Parent liaisons at our highest poverty sites were staffed and centrally funded

Summer school was provided for credit recovery with a priority given to 11th and 12th graders

A2A was continued to monitor chronic absenteeism and lessen truancy rates

EduLink was utilized to provide timely information to parents

Allocate site funds for sites based on unduplicated student counts to align goals and actions to their site specific needs

During the implementation process, we experienced success with all district initiatives.

We will continue to fund these critical positions and look at the current models we are utilizing to see if there are more effective ways of prioritizing the challenges we face in our community in order to ensure the best possible supports for our students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

YCUSD attendance rates have not changed but Graduation Rates have increased from 85.9% to 87.9% and Drop Out rates have decreased from 9.9% to 7.7%. Overall suspension rates have decreased slightly District-wide but remain unchanged for our Socio-Economically Disadvantaged and English Learners. Expulsion rates have decreased overall and for our students identified as Socio-Economically Disadvantaged but have gone up slightly for our English Learners. Percent of students feeling safe at school remain unchanged or have increased slightly.

 3D.e A parent liaison was added to April Lane
 3E.b Home to school transportation estimates were too high (\$336,600)
 3F.b Sites did not utilize all allocated LCAP funds as the District provided District-wide supplemental classified staff that had been previously funded by site allocations.
 3F.d Sites used supplemental LCAP funds to print supplemental ELA reading materials for students in grades JK-3rd to support at home reading.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal has been modified to reflect a 1 FTE vice principal was added to this goal and 1 FTE counselor. The Healthy Kids Survey shows nearly 1 in 2 students do not feel safe at school. A vice principal and counselor will be added to the staffing already in place with a renewed focus and strategic plan implementing and expanding PBIS across the District

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In 2012-2013, the Yuba City Unified School District Governing Board engaged in a collaborative process to develop a three year Strategic Plan. Town Hall meetings were held to gather input from parents, staff, and community leaders which resulted in a strategic plan to focus on student success using systems to develop top quality staff, promote effective communication and outreach, and link viable support systems of safety, technology, facilities, transportation, nutrition, and dynamic campus environments. In the Fall of 2013, the District began its efforts to inform the Governing Board, administrators, parents and the community of the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). In addition, staff aligned the District goals with the State priorities listed in Education Code sections 52060 and 52066. Presentations were made to the Governing Board on March 12, 2013; June 11, 2013; June 25, 2013; February 25, 2014; and March 25, 2014 to inform the Board of the requirements and outline the LCAP planning strategy. The LCAP planning strategy included a series of systematic steps to ensure compliance with Education Code and more importantly to ensure stakeholder involvement throughout the process. The LCAP planning strategy included:

- School and district data analysis
- Stakeholder input sessions
- Development of the draft LCAP by the YCUSD LCAP Advisory Committee
- Presentation of the draft LCAP to the Superintendent and Governing Board

Stakeholder groups meetings were held with students from the comprehensive high schools and parents, representing the target subpopulations from each K-5, K-8, 6-8 and high school, District English Learner Advisory Committee, Administrators, Community, and California State Employees Association. Multiple attempts were made to schedule stakeholder meetings were offered to the Yuba City Teachers Association. Unfortunately, YCTA did not accept the opportunity to meet with their members. In addition, an online survey was available in March/April 2016 to all stakeholders. All meetings were open meetings. Stakeholder meetings were held on the following dates:

February 17, 2016	AVID Parent Night
April 20, 2016	YCHS Student Input
April 21, 2016	CSEA meeting
May 2, 2016	DELAC meeting
May 17, 2016	RVHS Student Input
May 17, 2016	Title I Parent meeting
May 23, 2016	YCUSD Administrator meeting

Prior to each Stakeholder Input Session, both quantitative and qualitative data, were provided to each group. The District ensured that the stakeholders were presented with data specific to the target subpopulations: English Learners, Foster Youth, and Low Socioeconomic. The following data was analyzed and presented to all stakeholder groups:

- Academic Performance Index/Adequate Yearly Progress
- SBAC ELA/Math Proficiency Rates
- CAHSEE Passing Rates
- Graduation/Dropout Rates
- A-G Requirements
- Advanced Placement Exam Passing Rates

- Attendance
- English Learner Reclassification Rates/Long term English Learners
- Suspension/Expulsion Rates
- California Healthy Kids Survey Data related to feelings of Safety
- Curriculum Embedded Assessment Data

In addition to student data, Stakeholder groups were presented with the State eight priority areas aligned to the District goals and were presented with the following guiding questions:

What new or expanded programs and services to students might YCUSD develop to strengthen its impact on student success, for graduation, and beyond high school?

What do you see as the highest YCUSD priority for programs or services to students through LCAP funding over the next one to three years so that students are best prepared for graduation and college and career readiness

During these input sessions, stakeholders met in small groups to answer the questions above to identify educational programs, practices, or areas that might be added or expanded and what they perceived to be the highest priorities based upon the data that was presented initially. All input was documented, typed up and posted on the District Website.

The District LCAP Advisory Committee met on May 31, 2016 to review information gathered through LCAP surveys and input meetings. Input was grouped by Highest Priorities from the Stakeholder groups and common themes that crossed all Stakeholder groups. The LCAP Advisory Committee then made recommendations regarding possible goal areas. A draft of the LCAP was presented to the Superintendent on June 6, 2016. The LCAP was then posted on the District Website for public review prior to the Public Meeting scheduled for June 14, 2016 with final adoption by the Governing Board planned for June 28, 2016.

In preparation for writing the 2017-1018 LCAP, we continued the best practices of gathering input and feedback from our stakeholder groups. We understand that the fundamental cornerstone of the LCAP is based on all parties having a voice in the goals and actions of Yuba City Unified School District. The following dates outline our stakeholder meetings:

February 6, 2017	DELAC meeting
March 6, 2017	Leadership meeting
March 20, 2017	YCTA REP Council Meeting
March 23, 2017	Business Partners, Community, and Parent Committee Meeting
April 20, 2017	CSEA meeting
March 21-April 22,	YCTA membership survey
April 24, 2017	YCTA Rep Council & Cabinet meeting
May 30, 2017	LCAP Advisory Committee meeting
June 20, 1027	Board meeting

In developing our 2017-2018 plan, the meetings were inclusive of February 6, 2017, March 6, 2017, March 20, 2017, March 23, 2017, April 20, 2017, April 24, 2017, May 30, 2017, and June 20, 2017.

At each LCAP meeting the following indicators were shared with each group. Data related to :

- Attendance rates
- Graduation rates
- Drop out rates
- Advanced Placement test data related to percent of students taking an AP test and passing with a 3 or better
- Suspension/Expulsion data
- A-G eligible student data
- Percent of English Learners who reclassify annually

- Percent of 5th, 7th and 9th grade students who feel safe at school
- SBAC Assessment Data

In addition, a review of the 16-17 LCAP goals was shared as well as outcomes for each goal.

We value the input of stakeholders in creating and updating our mission and vision. The mission and vision was developed with input from the YCUSD Governing Board, staff, parents, and community members.

In 2012-2013, the Yuba City Unified School District Governing Board engaged in a collaborative process to develop a three year Strategic Plan. Town hall meetings were held to gather input from

parents, staff, and community leaders which resulted in a strategic plan to focus on student success using systems to develop top quality staff, promote effective communication and outreach, and link viable support systems, technology, facilities, transportation, nutrition, and dynamic campus environments. In the Fall of 2013, the District began its efforts to inform the Governing Board, administration, parents and the community of the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan (LCAP). In addition, staff aligned the District goals with the eight State Priorities listed in Education Code sections 52060 and 52066. Presentations were made to the Governing Board through the 2013-2014 school year to inform the Board of the requirements and outline the LCAP planning strategies.

The development of the 2016-2017 LCAP involved planning strategies which included a series of systematic steps to ensure compliance with Education Code and more importantly to ensure stakeholder involvement throughout the process. Stakeholder group meetings were held with students; parents; the District English Learner Advisory Committee; Administrators; Community Members; and the local bargaining groups.

All meetings were open meetings. During the meetings, prior LCAP goals and results were reviewed as well as input regarding refinement of current goals and need for additional goals. Stakeholder meetings were held on the following dates: February 17, 2016; April 20, 2016; April 21, 2016; May 2, 2016; May 17, 2016; May 17, 2016; May 23, 2016 and May 31, 2016. In addition, a Parent/Community/Staff Survey was developed and posted on the District website for additional input. In developing our 2017-2018 plan, the meetings were inclusive of February 6, 2017, March 6, 2017, March 20, 2017, March 23, 2017, April 20, 2017, April 24, 2017, May 30, 2017. On June 20, 2017, YCUSD's LCAP went to Public Hearing and on June 27, 2017, YCUSD's Board of Education approved the LCAP.

At each LCAP meeting the following indicators were shared with each group. Data related to :

- Attendance rates
- Graduation rates
- Drop out rates
- Advanced Placement test data related to percent of students taking an AP test and passing with a 3 or better
- Suspension/Expulsion data
- A-G eligible student data
- Percent of English Learners who reclassify annually
- Percent of 5th, 7th and 9th grade students who feel safe at school
- CAHSEE pass rates
- SBAC Assessment Data

In addition a review of 15-16 and 16-17 LCAP goals were shared as well as outcomes for each goal.

How did these consultations impact the LCAP for the upcoming year?

The Stakeholder Engagement Process served as a way to inform, educate, and gather input from key stakeholders: students, parents, community partners, administrators, CSEA, and YCTA to frame the development of the LCAP goals/priority areas. The Stakeholder Engagement resulted in the LCAP which:

- Accurately identified student needs
- Targeted fiscal resources to meet the needs of identified student subpopulations as well as ALL students
- Ensured meaningful parent and community involvement Common themes and identified priorities from the Stakeholder groups and LCAP Advisory Committee were:
- Relevant technology in classrooms/labs
- Increase arts/music education
- Increase AP courses/GATE
- Increase within the school day intervention
- Expand AVID: Elementary/Secondary
- ACT/SAT Prep Courses
- Increase extra-curricular activities and sports
- Increase counselors for Career/College Readiness and Social Emotional support
- Increase CTE courses
- Improve collaboration and communication

The 2017-2018 Stakeholder Engagement Process served as a way to inform, educate, and gather input from key stakeholders: students, parents, community partners, administrators, and local union leadership to frame the development of the LCAP goals/priority areas. The Stakeholder Engagement resulted in the LCAP which:

- Accurately identified student needs
- Targeted fiscal resources to meet the needs of identified student sub-populations as well as ALL students

This process ensured meaningful parent and community involvement, common themes, and identified priorities from the Stakeholder groups and LCAP Advisory Committee. The results of these collaborative conversations were as follows:

- Expand technology in classrooms/labs to support curriculum, as well as teach 21st Century technology standards and practices
- Continue to increase AP courses and electives
- Continue to increase supports and services for students to feel safe and connected at school
- Continue to expand AVID to Elementary Sites
- ACT/SAT Prep Courses
- Continue to provide supports and training opportunities through parent nights and staff development for CCSS and NGSS
- Continue counseling support for Career/College Readiness and Social Emotional support TK-12.
- Increase supports to English Learners through refinement of current programs and supplemental materials/curriculum as well as professional development offerings
- Continue to improve collaboration and communication with parents through social media; updated websites; newsletters; consistent communication

Expand Positive Behavior Intervention Systems (PBIS) to more sites

Explore opportunities for student engagement with instructional models such as Project Based Learning (PBL)

Identified Need

For the 15-16 school year, the District had 98.7% of their teachers meet the highly qualified requirements. In addition, through LCAP surveys and stakeholder input, there was an identified need to recruit and retain fully credentialed teachers. In addition, stakeholder input identified facility modernization and upgrades as a high priority. Expanded AP courses, relevant CTE courses and electives was also identified as a need through stakeholder input.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$17,011,832

Percentage to Increase or Improve Services: 18.42%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

YCUSD's 2017-2018 LCAP funds, as calculated on the number and concentration of low income, foster youth, home less youth, and English Learner pupils are \$17,011,832. YCUSD has an unduplicated count of 70.4%, since it exceeds 55%, our district is allocating some of our funds on a district wide basis. The expenditure of these funds is outlined in the activities and allocations in the development of YCUSD's goals shown on the previous pages and in the budget documentation. Stakeholder input through the public forums framed the YCUSD LCAP plan that largely features centrally distributed services to English Learners, low income students, and foster youth through site specific programs and personnel. YCUSD is expending \$14,003,010 district wide and has allocated \$2,465,600 to the school sites to use to provide services to the target subgroups based upon site specific data which identified site needs for supplemental services/programs.

YCUSD's unduplicated count is 70.4%. Because of the high percentage, the District elected to use some of the funds to meet the needs of ALL students specifically to provide services to increase graduation rates, decrease suspensions/expulsions, enhance program/course options for all students, increase parent involvement, increase attendance, and ensure all students feel safe at school.

The District's increased funding for the 2016-2017 school year, resulted in increased services for Low Income students, English Learners, and Foster Youth, through increased support from elementary/high school counselors, increased intervention within the day and after school, increased technology, increased supplemental materials for English Learners and Long Term English Learners, professional development for staff related to the California State Standards and effective methodologies to use with English Learners, and increased trainings for parents related to the new math programs. The District and sites increased parent communication through consistent use of the Edulink Autodialer system and updating the District website on a weekly basis. Based upon current needs assessments within the District and sites, services will continue to focus on the unique needs of English Learners, Foster Youth and Low Income students.

YCUSD will expend \$16,468,610 Supplemental/Concentration funds in 2017-2018 to meet the needs of English Learners, Foster Youth, home less youth and Low Income students. \$14,003,010 of the funds will be used District-wide to meet the needs of students within the District, with particular services/actions to meet the needs of English Learners, Foster Youth, and Low Income students. Sites will be allocated \$ to provide \$2,465,600 services directly linked to site based data using the identified state metrics. Sites will link their site plans and goals with the identified District goals. With an unduplicated count of 70.4%, the District is also utilizing the funds to meet the needs of ALL students through increased intervention and supplemental services, but will specifically target English Learners, Foster Youth, homeless youth, and Low Income students. Based on the Minimum Proportionality Percentage (MPP), Yuba City Unified School District must increase services by 17.55%

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
