LEA: Yuba City Unified **Contact:** Doreen Osumi, Assistant Superintendent, dosumi@ycusd.k12.ca.us, (530) 822-7611 **LCAP Year:** 2015-2016

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

(Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>In 2012-2013, the Yuba City Unified School District Governing Board engaged in a collaborative process to develop a three year Strategic Plan. Town Hall meetings were held to gather input from parents, staff, and community leaders which resulted in a strategic plan to focus on student success using systems to develop top quality staff, promote effective communication and outreach, and link viable support systems of safety, technology, facilities, transportation, nutrition, and dynamic campus environments. In the Fall of 2013, the District began its efforts to inform the Governing Board, administrators, parents and the community of the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). In addition, staff aligned the District goals with the State priorities listed in Education Code sections 52060 and 52066. Presentations were made to the Governing Board on March 12, 2013; June 11, 2013; June 25, 2013; February 25, 2014; and March 25, 2014 to inform the Board of the requirements and outline the LCAP planning strategy. The LCAP planning strategy included a series of systematic steps to ensure compliance with Education Code and more importantly to ensure stakeholder involvement throughout the process. - May 6, 2014-Community Forum
- May 7, 2014-California State Employees Association (CSEA)
- May 8, 2014-Yuba City Teachers Association (YCTA)

Prior to each Stakeholder Input Session, both quantitative and qualitative data, were provided to each group. The District ensured that the stakeholders were presented with data specific to the target subpopulations: English Learners, Foster Youth, Low Socioeconomic, and Students with Disabilities. The following data was analyzed and presented to all stakeholder groups:

- Academic Performance Index/Adequate Yearly Progress
- CST ELA/Math Proficiency Rates
- CAHSEE Passing Rates
- Graduation/Dropout Rates
- A-G Requirements
- Advanced Placement Exam Passing Rates
- Attendance
- English Learner Reclassification Rates/Long term English Learners
- Suspension/Expulsion Rates
- California Healthy Kids Survey Data related to feelings of Safety
- Curriculum Embedded Assessment Data

In addition to student data, Stakeholder groups were presented with the State eight priority areas aligned to the District goals and were presented with the following guiding questions:

What new or expanded programs and services to students might YCUSD develop to strengthen its impact on student success, for graduation, and beyond high school?

What do you see as the highest YCUSD priority for programs or services to students through LCAP funding over the next one to three years so that students are best prepared for graduation and college and career readiness?

During these input sessions, stakeholders met in small groups to answer the

questions above to identify educational programs, practices, or areas that might be added or expanded and what they perceived to be the highest priorities based upon the data that was presented initially. All input was documented, typed up and posted on the District Website.

A District LCAP Advisory Committee was formed and consisted of five parents, representing students identified as English Learners, Low Socioeconomic, Foster Youth, Students with Disabilities; two community members; a teacher; three administrators, representing K-5, K-8 and the high school; a school secretary representing other staff members; the CSEA president; and the YCTA president. The District LCAP Advisory Committee met on May 16, 22, and 29, 2014 and reviewed all input from the Stakeholder meetings. Input was grouped by Highest Priorities from the Stakeholder groups and common themes that crossed all Stakeholder groups. The LCAP Advisory Committee then made recommendations regarding possible goal areas. A draft of the LCAP was presented to the Superintendent on May 31, 2014. A final meeting was held with the Parent Advisory Group and District English Language Advisory Committee (DELAC) on June 3, 2014. The LCAP was then posted on the District Website for public review prior to the Public Meeting scheduled for June 10, 2014 with final adoption by the Governing Board planned for June 24, 2014.

Annual Update:

We value the input of stakeholders in creating and updating our mission and vision. The mission and vision was developed with input from the YCUSD Governing Board, staff, parents, and community members.

In 2012-2013, the Yuba City Unified School District Governing Board engaged in a collaborative process to develop a three year Strategic Plan. Town hall meetings were held to gather input from parents, staff, and community leaders which resulted in a strategic plan to focus on student success using systems to develop top quality staff, promote effective communication and outreach, and link viable support systems, technology, facilities, transportation, nutrition, and dynamic campus environments. In the Fall of 2013, the District began its efforts to inform the Governing Board, administration, parents and the community of the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan (LCAP). In addition, staff aligned the District goals with the eight State Priorities listed in Education Code sections 52060 and 52066. Presentations were made to the Governing Board through the 2013-2014 school year to

Annual Update:

The Stakeholder Engagement Process served as a way to inform, educate, and gather input from key stakeholders: students, parents, community partners, administrators, CSEA, and YCTA to frame the development of the LCAP goals/priority areas. The Stakeholder Engagement resulted in the LCAP which:

- Accurately identified student needs
- Targeted fiscal resources to meet the needs of identified student subpopulations as well as ALL students

Stakeholder group meetings were held with students; parents; the District English Learner Advisory Committee; Administrators; Community Members; and the local bargaining groups.

All meetings were open meetings. During the meetings, prior LCAP goals and results were reviewed as well as input regarding refinement of current goals and need for additional goals. Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the school sites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?

- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$11,262,390</u>
<p>YCUSD's 2015/16 LCAP funds, as calculated on the number and concentration of low income, foster youth, and English Learner pupils are <u>\$11,262,390</u>. YCUSD has an unduplicated count of 70.12%, since it exceeds 55%, our district is allocating some of our funds on a district wide basis. The expenditure of these funds is outlined in the activities and allocations in the development of YCUSD's goals shown on the previous pages and in the budget documentation. Stakeholder input through the public forums framed the YCUSD LCAP plan that largely features centrally distributed services to English Learners, low income students, and foster youth through site specific programs and personnel. YCUSD is expending \$9,775,534 district wide and has allocated \$1,486,856 to the school sites to use to provide services to the target subgroups based upon site specific data which identified site needs for supplemental services/programs.</p> <p>YCUSD's unduplicated count is 70.12%. Because of the high percentage, the District elected to use some of the funds to meet the needs of ALL students specifically to provide services to increase graduation rates, decrease suspensions/expulsions, enhance program/course options for all students, increase parent involvement, increase attendance, and ensure all students feel safe at school.</p>	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

14.96	%

The District's increased funding for the 2014-2015 school year, resulted in increased services for Low Income students, English Learners, and Foster Youth, through increased support from elementary/high school counselors, increased intervention within the day and after school, increased technology, increased supplemental materials for English Learners and Long Term English Learners, professional development for staff related to the California State Standards and effective methodologies to use with English Learners, and increased trainings for parents related to the new math programs. The District and sites increased parent communication through consistent use of the Edulink Autodialer system and updating the District website on a weekly basis. Based upon current needs assessments within the District and sites, services will continue to focus on the unique needs of English Learners, Foster Youth and Low Income students. YCUSD will expend \$11,262,390 Supplemental/Concentration funds in 2015-2016 to meet the needs of English Learners, Foster Youth and Low Income students. \$9,775,534 of the funds will be used District-wide to meet the needs of students within the District, with particular services/actions to meet the needs of English Learners, Foster Youth, and Low Income students. Sites will be allocated \$1,486,856 to provide services directly linked to site based data using the identified state metrics. Sites will link their site plans and goals with the identified District goals. With an unduplicated count of 70.12%, the District is also utilizing the funds to meet the needs of ALL students through increased intervention and supplemental services, but will specifically target English Learners, Foster Youth, and Low Income students.

Based on the Minimum Proportionality Percentage (MPP), Yuba City Unified School District must increase services by 14.96%
