# COMMUNITY EVENT

## Supporting Students & Families

Upholding Our Commitment  
To Keep Our Community Nourished

In our dedication to ensuring that our students are well-nourished, we have compiled a range of local resources. YCUSD Nutrition Services collaborates with the Yuba-Sutter Foodbank to provide support through the Emergency Food Assistance Program and the Food Recovery Program. We encourage you to explore the many free resources available in our community to help sustain students and their families. Please visit our website at <https://www.ycusd.org/Departments/Student-Nutrition/index.html> for more information and to view the flyer in English, Spanish, Punjabi, and Farsi. You can also scan the QR below to access the flyers.

YCUSD Nutrition Services is excited to share that on Wednesday, July 29, 2026, we will offer a Farmer's Market in partnership with California Department of Food and Agriculture at the Back to School Bash.

The Farmer's Market will consist of a variety of locally sourced fresh fruits and vegetables for participants to choose from. Participants will learn shopping skills, and practice making healthy choices.

In addition to the Farmer's Markets, we will be serving sack lunches to children ages 0-18 years of age.

**The Farmer's Market and sack lunches will be served from 1:00 pm until 3:00 pm.**

# EXCITING OUTCOMES TO SHARE

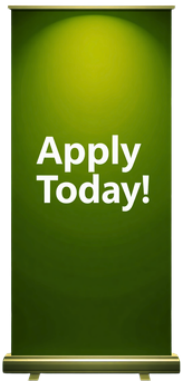

Farmer's Market at Lincoln Elementary School, April 2026

## Exciting Success of YCUSD Nutrition Services Farmer's Markets

YCUSD Nutrition Services is delighted to announce that the Farmer's Markets at Lincoln Elementary School and Lincrest Elementary School were a tremendous success.

In April 2026, we served 488 students at Lincoln Elementary School. In May 2026, we served 567 students at Lincrest Elementary School. We are thrilled that the Grant Funds enabled YCUSD Nutrition Services to offer children a variety of fresh fruits and vegetables, along with an educational experience focused on purchasing items that promote healthy eating and physical activity.

The success of these Grant Funded Farmer's Markets was made possible through the collaboration of the YCUSD Nutrition Services Department, Pro Pacific Fresh, and the California Department of Food and Agriculture.

# GRANT

We are excited to announce that YCUSD Nutrition Services will be awarding up to 10 Farmers Markets over the next two years.

If you are interested in hosting a Farmers Market at your location, please complete our survey at

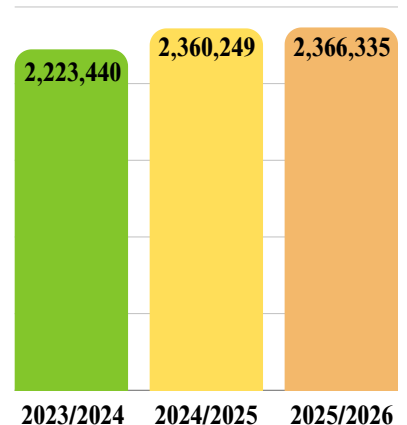

<https://forms.gle/rVkeP7baodrJU7Rp9>

Applicants will be notified by email if they are selected to receive a Farmer's Market. This opportunity was made possible via the YCUSD Nutrition Services Department, Pro Pacific Fresh, and the California Department of Food and Agriculture. Fill in the information on the form and submit your responses. Your response will be recorded and we will contact you!

## YCUSD Nutrition Services Meal Service Success

Over the last three school years, YCUSD Nutrition Services has adopted innovative strategies aimed at boosting meal service participation among students. A key element has been the introduction of healthier and more appealing menu options designed to accommodate various dietary needs and cultural preferences, thereby making school meals more enticing for our student body. Additionally, collaborations with local farms and food suppliers have enabled our schools to provide fresh, locally sourced ingredients, elevating the taste and quality of the meals. These initiatives, along with the commitment of the Nutrition Services staff, have resulted in a remarkable increase in meal service participation, positively impacting student health and academic success.
